

As a Prepared4ALL affiliates, we seek to build partnerships with local planning entities so that together we can create emergency plans that serve the whole community

Let's work together

How we can collaborate in our local community:

- Locate and connect with people with disabilities in our community
- Identify the needs of the disability community in a disaster
- Provide support on inclusion and accessibility needs
- Help create accessible emergency preparedness resources
- Provide guidance on creating accessible meetings and conferences
- Collaborate to build local partnerships
- Contribute to local emergency planning efforts
